Felting Easter Eggs

By: [Joanne from Craft Passion](#)

Put your wool to good use by Felting Easter Eggs this season. This Easter craft is original and is a beautiful addition to your decorations. You won't believe that the eggs in front of you are made of wool and are not authentic. Ring in spring with this Easter-inspired felt project and enjoy the phenomenal results.

Materials:

- Wool, 20 g
- Dish washing Detergent
- Hot / Warm water (safe to touch)
- Cold water
- 2 Big Bowls

Instructions:

1) Equally divide your wool to about 2-3 grams each. I started with 20 grams then split them in half 3 times to get a total 8 small wool piles. This method will ensure you to have equally sized eggs. If you have an accurate scale that can weigh light items, by all means use it.

2) Loosen up the wool into a thin flat piece.

3) Fold the wool into a ball shape, making it as round as possible.

4) Dip some dish detergent on your palm and add some warm water to lather, roll the wool ball until it lathers into a foam. You don't need a lot dish soap, just a drop will do.

5) Lightly roll the wool ball with you palms. Don't apply any pressure or it will create unsightly cracks to the egg.

6) Add more warm water as you roll and occasionally dip it into cold water. You will find that as you roll, the wool ball begins to shrink, becoming denser as you go. Add some dish detergent if your foam is washed away from the warm and cold water.

Note: This process might take up to 3 minutes, be patient and don't try to speed up the process by applying pressure to the ball.

7) The felt ball is finished once the ball is quite hard and compact. You may stop here if you are only making a felt ball.

9) To shape the felt ball into an egg shape, simply rub one side of the ball with horizontal strokes to taper off the circle. Rinse it and leave it on a kitchen towel to dry for at least 1 day.

Perfect Pom Pom Eggs

By: [Angie Holden from The Country Chic Cottage](#)

Practice perfection in your craft room when you make these Perfect Pom Pom Eggs. This Easter craft idea is a wonderful way to add some soft and sweet holiday decor to your home this season. Using pom poms to make an Easter egg craft is such a great idea, and it's simple too. We love these pom pom eggs so much, we're sure they are the perfect Easter craft for you!

Materials:

- Yarn
- 3" x 5" piece of cardboard
- Hemp twine
- Scissors

Instructions:

1) Begin by wrapping your yarn around your cardboard piece.

2) The pompoms in the book all used a lot of yarn. They were very dense. So wrap, wrap, wrap until you have a bunch of yarn on your cardboard.

3) Crease the cardboard down the center to could make a “tunnel.”

4) Slip the hemp into the tunnel and tie off the yarn in the center.

5) The bundle will then slip off of the cardboard piece.

6) Wrap the hemp around the back of the bundle and tie it. Each knot should be tied as tightly as possible.

7) Bring the hemp around the front and tie again. Cut off any excess hemp cording.

8) Snip the loops. Pull them with scissors and cut them a small bunch at a time.

9) Trim, trim, and trim some more with scissors. Gradually take away the frazzled ends and shape the pom pom into an egg.

10) To add a stripe through the middle of your pom pom, simply wrap your yarn like the image below and follow the above instructions.
