

MOTHER'S DAY BRUNCH

Theme Ideas

VINTAGE

You can use your heirloom China, dollar store pearls, and soft pink flowers to give mom a taste of "the good ol' days." For a brunch that's just as classy as she is, a vintage gathering is the way to go.

ROYAL

It's a great opportunity for tea, scones, and the most dramatic hats in the closet. Give the queen of the family a royal tea party she'll adore, and don't forget the tiara!

FLORAL

Late spring is the best time to take advantage of all the beautiful blooms, and a garden party is just the theme for this year's brunch. Even if the weather isn't quite warm enough outside, bringing your mom's favorite flowers indoors is a perfect way to celebrate!

FORMAL

An elegant get-together is the best theme for moms who love the finer things. Serving trays, crystal glasses, and napkin rings will create a truly five-star experience!

GREENERY

Gardening moms of all skill levels would love a brunch surrounded by flowers and ferns. You can give her the bouquet of your dreams and decorate with petals!
